MAH. HASIB

GRAPHIC DESIGNER

WHO I AM

As-salamu Alaykum I am **Muhammad Altaf Hossain HaSib** as a graphic designer, I believe colors define the soul of any design. This vibrant palette of bold red, neon green, deep blue, and dark tones creates a powerful and eye-catching visual impact. Red adds energy and passion, green brings freshness, blue builds trust, and dark shades add depth and elegance. I use such combinations to design modern, engaging, and high-contrast visuals that instantly grab attention. Whether for branding, social media, or promotional content, my goal is to create designs that are both visually appealing and meaningful, ensuring every project stands out and leaves a strong, lasting impression.

WORK EXPERIENCE

Graphic Designer Selfe-mployed

2021 — Present

I work as a product designer, creating user-centered solutions that combine functionality, aesthetics, and usability to deliver seamless, engaging, and impactful digital experiences for modern users.

Brand Identity

2024 — Present

I specialize in brand identity design, creating cohesive visuals, logos, color systems, and guidelines that build strong, memorable brands and ensure consistent communication across all platforms.

MAH. HASIB

GRAPHIC DESIGNER

DEAR GREETINGS

As-salamu Alaykum I am **Muhammad Altaf Hossain HaSib** I have been working as a self-employed graphic designer for the past five years, consistently delivering creative and impactful design solutions to a wide range of clients. My journey began with a strong passion for visual storytelling, which gradually transformed into a professional career built on dedication, continuous learning, and real-world experience. Over the years, I have developed a deep understanding of design principles, color theory, typography, and branding strategies.

Throughout my career, I have worked on various projects including logo design, brand identity, social media graphics, marketing materials, and UI-focused visuals. Each project has helped me refine my skills and strengthen my ability to translate ideas into compelling visual content. I focus on creating designs that are not only visually appealing but also meaningful and user-centered, ensuring they effectively communicate the intended message.

Being self-employed has taught me more than just design. It has helped me build strong communication skills, manage clients professionally, meet deadlines efficiently, and handle multiple projects at once. I always prioritize understanding client requirements clearly and maintaining a smooth workflow from concept to final delivery. Client satisfaction has always been my top priority, and I strive to exceed expectations with every project I complete.

I continuously explore new trends, tools, and techniques in the design industry to keep my work fresh and competitive. Adaptability and creativity are key strengths that allow me to work across different styles and industries. Whether it's a startup looking for a unique brand identity or an established business aiming to refresh its visuals, I bring the same level of commitment and attention to detail.

Over the past five years, I have built a solid portfolio that reflects my growth, versatility, and passion for design. My goal is to create designs that not only look great but also add real value to businesses and help them stand out in a competitive market. As I move forward, I am committed to further enhancing my skills and continuing to deliver high-quality, impactful design solutions."

Sincerely
Muhammad Altaf Hossain Hasib
